Perfect For Each Other?

This week we give Peter, an accountant from London, the opportunity to take a woman to a top restaurant.

Peter: I've lived in south London all my life. Recently I've started travelling and I've been to Madrid, Paris and Vienna. I'm going to Switzerland soon and I'm thinking of going further abroad next year, maybe to Thailand or India. I really love meeting people from other cultures.

I'm very keen on all kinds of music, especially jazz and rock. I saw Benny McGall in Paris recently, which was great. I also like going out to the theatre and seeing movies. I like big, exciting films. I recently saw King Kong and thought it was fantastic.

I've been single for four months. I used to go out with a woman called Jo from my office but we decided to stop because we had different interests. She really liked staying at home watching TV and I preferred to go out. I really like eating out and finding new restaurants.

Peter I stopped smoking last year so I'd rather spend an evening with a non-smoker. I'm looking for someone who is easy to talk to. The most important thing is that she's honest and she likes having a good time.

Here are the three possibilities:

Jenny: rents a flat in north London and is an architect. She's interested in singing and travelling. She's been to many different countries for her work. She smokes and her favourite evening would be renting a DVD and staying at home with a take-away pizza. She likes old black and white romantic or detective films.

Now Maria: lives in her own house in London and she's a secretary. She loves dancing and goes to the gym four times a week. She doesn't smoke. Her favourite film is The Lord of the Rings. 'I've had two serious boyfriends but I'm free at the moment. I'm looking for someone who is active and enjoys life.'

Sonya: lives in her own flat in west London. She's a non-smoker and a vegetarian and she likes eating out. She's very active and likes walking and cycling. She doesn't watch television and she isn't interested in going to the cinema. She used to be married but got divorced two years ago.

B - Read the text again and answer questions 5 – 12 on the separate test sheet.

5. Is Peter definitely going to Thailand or India next year? *NO, he isn't*
6. Do Peter and Jenny like the same type of films? *NO, they don't like*
7. When did Peter and Jo stop going out? 8 Does Jenny own her own flat?
9. Maria is looking for someone who enjoys life. Is Peter looking for the same kind of person? How do you know?
10. Does Sonya rent her flat? *NO, she doesn't*
11. What doesn't she eat? *she doesn't eat eggs, chips*
